

THE INFINITE BEAUTY OF NATURE

A large, mature tree with a thick, gnarled trunk and dense green foliage stands in a square pit on the floor of a vast, high-ceilinged industrial warehouse. The warehouse is filled with stacks of stone slabs on both sides, creating a long perspective. The floor is polished concrete with yellow safety lines. The high ceiling features a complex network of steel beams and skylights that allow natural light to filter in. The overall atmosphere is one of industrial scale contrasted with natural beauty.

WE VALUE
THE BEAUTY
OF NATURE

www.TirupatiStonesGroup.com

WELCOME

Mrs. Jana Devi, a woman entrepreneur, began in the late 1990s with a marble quarry in a village called Sawar, Kekri, Rajasthan, whose product is now known throughout the United States under the brand name FANTASY BROWN. Blessed by Nature and 'U', the natural stone lovers, this stone has established a milestone in exports from Rajasthan.

Since its inception until 2020, the group has added some more marble and granite quarries in Rajasthan, such as Tiger Skin, Black Beauty, Ice White, and Silver Fantasy, and their products are very popular in both the domestic and export markets. Along with this, it has a close and exclusive tie-up with some very exotic granite, phelspa, and quartz mines, whose products have been established in the world's natural stone market.

Having a strong base in Natural stone raw materials and an established market share in the world Natural stone market, this group planned to set up one premier processing unit by the name of Tirupati Stonex Pvt. Ltd., Mokhampura, Jaipur, Rajasthan.

www.TirupatiStonesGroup.com

Tirupati Stonex Pvt. Ltd., situated on the Jaipur-Dudu expressway (45 min drive from the Jaipur international airport), is one of the best processing units, having world-class cutting and polishing machines from Breton, Italy. It has a highly experienced team in production quality headed by Mohit Choudhary, and Mr. P.K. Mohapatra has approximately 25 years of experience in the stone industry, beginning with mine activities, quality production processes, large projects in India and abroad, and exports. We have also welcomed one more member to this team, Mr. Bharat Mishra, who has more than 20 years of experience in international marketing (natural stones and quartz) and has been involved in big projects in Middle Eastern countries.

The vision of Tirupati Stonex Pvt. Ltd is to cater to the natural stone market of the world in any form like slabs, tile, cut to size, countertops, and vanities in different finishes as per the customer's requirement. We will try our best to satisfy our customers who have loved our products and supported us for more than 20 years and promise to explore and introduce new exotic materials from India to our customers.

www.TirupatiStonesGroup.com

VISION

Focusing On Exotic Finesse, Just For You

Our Vision is to cater to the Natural Stone market of the world with thoughtful and innovative high-quality elegant stones. Be it any form from slabs, tiles, cut to size, and vanities in different finishes to anything that our clients require.

We thrive on constantly trying to satisfy our clients. Having served customers who have loved our products and supported us for more than 20 years we aim to serve many, many more with the same diligence and more designs.

We promise ourselves and our customers, each day, to explore and introduce new exotic materials from India, craft them with art and finesse and deliver them to each and every part of the world.

GRINDING AND POLISHING

After the cutting, the slabs are taken for further processing. The process of grinding and mirror polishing or the antique finish is done using a 20-head automatic polishing machine available at our facility.

BLOCK SELECTION AND CUTTING

Our team has a direct collaboration with the best queries guaranteeing a regular supply of quality blocks. Depending on the block size and shape, we have a fully mechanized plant to cut the blocks.

QUALITY CHECK AND PACKING

Before the marble reaches you and after final finishing, our quality control team inspects the material for quality checks post which the passed material is packed and dispatched from our factory.

at our facility.
